

Vacancy – Applications Engineer – Remote Condition Monitoring (RCM)

Job title:	Applications Engineer – RCM
Reference:	0028
Salary:	£.competitive. plus benefits
Reporting to:	Senior Engineer - RCM

Position Type:	Permanent, Full-time
Location:	The Midway – Nottingham
Centre:	TEW Engineering
Closing date:	30/06/2020

Outline:

This exciting opportunity has arisen, acting as design engineering support for Global RCM and other technology solutions. This position provides the technical design support for associated RCM product development activities, as well as working with the RCM technical team to enable detailed design and enablement of all RCM products, supporting production and sales by TEW Engineering Business unit.

Indicative Responsibilities Include:

- > Right First-Time development excellence.
- > Good electronics skills. Ability to read and understand circuit diagrams of systems including mixed low speed digital & analogue electronics.
- > Good working knowledge of common test tools: multimeter, oscilloscope, bench power units.
- > Basic C / C++ skills in a Netbeans development environment.
- > Test engineer skills – devising and executing test plans.
- > Familiarity with Linux or other *nix OS.
- > Familiarity with the 'git' version control system.
- > Ability to document all procedures and processes – learn once, apply often.
- > Attention to detail and commitment for prolonged test procedures.
- > Creative problem solving for detail tasks.
- > Understanding of electrical safety.
- > Experience of requirements for approvals and standards (e.g. CE marking).

Skills & Experience Required:

- > BSc (or equivalent) in an Engineering discipline, preferably Electronic or Electro-mechanical.
- > 5 years in a product engineering role.
- > Experience of working in a multi-disciplinary engineering team.
- > Ability to identify, analyse and resolve problems effectively.
- > Strong influencing and communication skills. An approachable personal style with the ability to communicate at all levels across the organisation and build strong internal and external relationships in an international environment.
- > Have a UK full driving licence.
- > Possess a current UK Passport.

To Apply:

By email, enclosing a current CV & cover letter, quoting the job title & reference to ukcareers@lbfooster.com
